Foreign Affairs  
and International  
Cooperation

Piazzale della Farnesina 1  
**Rome**

The Conference aims at presenting the achievements of EUSAIR Pillar 2. Connecting the Region – Transport and Energy while concluding the first work programme 2015-2023. Prospects and objectives of the second work programme 2023-2027 will be highlighted and described.

Leading themes are transport and energy, the challenges which have been confronted during the period as well as the ideas, proposals and recommendations which have been put forward to strengthen cooperation and collaboration amongst the Countries through the Adriatic and Ionian Region.

It is assumed that achievements and prospects are representing a milestone towards the EU enlargement to the Western Balkan Region and the shared effort for sustainable economic and social development.
