

PROMARES aims at tackling the challenges hampering the full-fledged development of the potential for maritime and multimodal freight transport in the Programme Area. Its main objective is therefore to enhance cross-border maritime and multimodal freight transport by involving transport stakeholder and policy makers facing the same cross-border challenges, from both a strategic and operational perspective, through the increased cooperation among them. The project involves 12 partners and it is led by the Port Network Authority of the Eastern Adriatic Sea.
